

MURDER CHARGE HOLDS 3 YOUTHS

Arrested After Killing C. E. Cowart, Mexican Confess, Is Report.

Charges of murder were filed in justice J. M. Deaver's court Wednesday morning by corporation clerk Juan Franco against three Mexican youths, Gregorio Castillo and Antonio and Miguel Rodriguez, the complaints following police investigation of the killing of C. E. Cowart, salesman for the Great Western Oil company, at seventh and Oregon streets Monday night, and the subsequent arrest and reported confession of the three boys.

Their alleged confessions were made in the presence of county attorney W. H. Fryer at the police station at midnight Tuesday. Mr. Fryer said Wednesday that the Castillo boy, who is only 15 years old, told an especially exciting story of the incident connected with Cowart's alleged assault.

Say Cowart Called Them Names. According to the story Mr. Fryer received from the boys, the boys denied the trouble between them and Cowart when Cowart called them bad names. All confessions are said to agree that Cowart seemed to have been drinking and that the boys had seen him the one exception being that Castillo denied he was intoxicated. A number of friends followed the alleged calling of bad names, and Cowart was struck in the chest and in the head.

Say Police Work Good. The boys were arrested through the efforts of police Capt. W. H. Simpson and his assistants. Mr. Fryer said Wednesday that the police had done creditable work in the case.

Following the confession, the boys were kept in the city jail until Wednesday morning, when, in filing of the murder complaints, they were transferred to the county jail.

Cowart's body was shipped Tuesday night to Larkia, Tex., where his parents reside. He was 29 years old and unmarried.

FOREIGN TRADE IS FALLING OFF

Both Exports and Imports in September Show Pronounced Decline.

Washington, D. C., Oct. 21.—Exports and imports both fell off during September. The decrease of approximately \$34,000,000 in exports, whose total for September was \$456,261,567 is attributed to the activities of the war trade board in holding up licenses. While the exports have dropped in comparison with August, they show a gain of \$88,000,000 as compared with July.

For the nine months ended with September 30, the total exports were \$4,007,611,175, a gain of \$457,000,000 over the similar period in 1912. Imports in September dropped \$24,212,451 from August's total of \$270,293,273. For the nine months they totaled two and a quarter billion of \$2,600,000,000 gain over the similar period last year. Gold and silver are going out of the country far in excess of their imports.

VOTE ON BOND PROPOSALS LIGHT; 7500 QUALIFIED

The 27 city voting places were opened promptly at 8 o'clock Wednesday morning and voting on the three \$100,000 bond proposals began. Comparatively few voters were reported cast during the early part of the morning and a light tally is expected in most of the precincts.

The various judges had been supplied by city clerk Jack Dawson with lists of voters, annotated by tax collector William P. B. McLean, so as to indicate who are property owners and entitled to vote. Approximately 7,500 citizens of the city are qualified, the ownership of any kind of taxable property being the test.

ABOGADO CASE IS TRANSFERRED

Accused Man Gives \$10,000 Bond, Released, Rearrested, Under Trial.

The case of Leonardo Abogado, charged with complicity in the killing of Reynaldo Caro at the Faro club, October 14, was transferred to the 24th district court Wednesday morning, on motion of county attorney W. H. Fryer for increased bail.

Abogado's preliminary hearing in justice J. M. Deaver's court Tuesday resulted in his being held to the grand jury in \$10,000 bond. This was promptly furnished and he was released, to be taken into custody again Wednesday morning.

Introduces New Witness.

The defense introduced in the hearing on the motion before Judge W. H. Fryer, a new witness, Manuel Martinez, who testified that Abogado did not hand the pistol to Julio Lago, but that Lago took it himself and fired the shot that killed Caro. Other witnesses in the case had testified that Abogado handed Lago the weapon. The same witness also repeated that Abogado said to have been directed by the defense to Lago before the latter shot.

VEILED WOMAN IS IDENTIFIED

Wife of New York Wireless Expert Testifies Regarding Count Minotto.

Chicago, Ill., Oct. 21.—A mysterious veiled woman witness in the case of Count Minotto, son-in-law of Louis F. Swift and defendant in deportation proceedings, on suspicion of pro-German sympathies, was identified today as Mrs. Chauncey Eldridge, wife of a wireless expert, residing at No. 1 Lexington avenue, New York city.

The proceedings are before the immigration inspector. Mrs. Eldridge, her features hidden behind a heavy veil, made her first appearance as a witness yesterday. As the hearings were secret her identity remained completely unknown.

Others at the hearing included Louis F. Swift, president of Swift & Co., the packers, father-in-law of Minotto; attorneys for the defendant, commissioner Frontiers and Charles H. Paul of the immigration bureau. Minotto's association with Germans in this country and South America, which he claims were merely of a normal social or business nature, are said to have directed government attention to him, but the technical charge, despite the fact that he is a member of the family of a multi-millionaire, is that he was an alien likely to become a dependent.

MOTION DENIED IN JONES CASE

Rehearing Overruled; Law-Jones Robbery Case Affirmed.

Austin, Texas, Oct. 21.—The court of criminal appeals today overruled a motion for a rehearing in the case of ex parte Felix R. Jones, from El Paso.

This court recently had reversed the decision of the lower court which refused bail to Jones, who was indicted following the killing of Thomas Lyons, of Silver City, in El Paso on the night of May 17, the court of criminal appeals fixing bail for Jones at \$10,000, which he had not yet made. The state asked for a rehearing of the case which now has been denied.

The court of criminal appeals today affirmed the case of J. H. Law and Polster Jones, from El Paso, who were indicted for the killing of a man in a saloon in El Paso. These men were each given a term of five years in the penitentiary on conviction of the crime. The state asked for a rehearing of the case but the court of criminal appeals refused to grant it. The only question raised was as to the competency of the testimony to justify the verdict. The higher court held that the testimony was sufficient.

URGES KILLING YAQUINDIANS

Gov. Calles Issues Proclamation for Extermination of the Tribesmen.

Phoenix, Ariz., Oct. 21.—Dr. Lorenzo Boland, just returned from Hermosillo, Sonora, where he has been in conference with governor Calles, has brought a copy of a proclamation issued October 19 by Calles, calling for the extermination of the rebellious Yaqui Indians. Invitation is given in the proclamation for all citizens of the state to unite in formation of military bodies, home guards or regional guards, under the sheriff or state officials to end the Yaqui menace.

The proclamation recites that in Sonora and central Sonora hardly a family does not suffer from the destruction of lives in isolated cases here and there. It is therefore, considered much more economical to undertake a short campaign and end the menace once for all. It is told that efforts toward the education of the Indians have been futile, owing to their "indomitable spirit of rebellion and their inveterate tendencies of robbery and devastation."

Says Better Treated Than Mexicans. Boland, according to Calles, has said that the Indians are better treated than the Mexicans, in order to destroy any animosity that might have existed between the two classes of people, but the rebellion has continued, closing up the richest foundation for a short campaign and end the menace once for all.

At the request of James A. Smith, president of the El Paso Water Users' association, the condemnation suit against W. P. Payne and E. C. Beasley is not being carried through, and at present matters are pending while a compromise is being attempted.

The government counsel, P. W. Dent of the U. S. D. S., said that consideration for the land will probably be offered the two land owners. All members of the Water Users' association agree to donate right of way for canals and ditches when they join the organization, it was explained.

TWO BOYS ARRESTED AND GIVEN TO COUNTY OFFICERS

EL PASO HIGH BEST IN STATE

State Superintendent Public Instruction Commends the El Paso School.

Austin, Texas, Oct. 21.—State superintendent W. F. Doughty, of the department of education, has written the following letter to R. J. Tighe, superintendent of El Paso schools:

"Again I am at my desk attending to the numerous matters that have accumulated during my absence. It is my desire to thank you for the many courtesies extended me while in the city of El Paso. My visit there was a most enjoyable one. I saw many of the most admirable features of the state under your supervision. Your schools are admirably organized and directed. Very few people in this state realize what an efficient system of schools is in operation in El Paso. Your \$100,000 high school building in the new, costly single education building in the state, and, in fact, it is a model in every detail. I saw many other commendable features too numerous to mention here. Whenever I can be of any service to you, always feel perfectly free to call upon me at any time."
